FOREWORD

This marks the 14th consecutive year we have come together to spend the day discussing “Practical Grazing Issues”. I am delighted to have the support, encouragement and assistance for this years’ conference. The program committee has assembled a great group of speakers covering a wide array of timely-practical topics relating to grazing in Kentucky.

I want to extend a special THANKS to all speakers and exhibitors. Special thanks to Christi Forsythe for handling all the details concerning program and proceedings.

I do hope the discussions of the day will be of value to you and your grazing program.

Garry D. Lacefield
Program Chairman
